Dr. Hunnicutt,  
I wanted to make sure you had a copy of our April 11<sup>th</sup> proposed path forward letter we sent to the Navy. This letter outlines our proposed path forward. Specifically, it outlines a path forward to finalize the Five-Year Review report and the Parcel G Work Plan in phases to strategically move forward with the field rework. This proposed path forward is also inclusive of completing these documents in a manner that is transparent to the public and allows for public comment.

We are happy to meet with you to discuss our letter and our discussion with the Navy this past Monday (April 15<sup>th</sup>).

Chris Hage and I do look forward to seeing you Monday evening at the Environmental & Reuse Subcommittee of The Mayor's Hunters Point Shipyard Citizens Advisory Committee (HPS CAC).

Best,
